

2017 “Caregiving Matters” Workshops Free to the public

An overview of the Caregiving Matters workshops:

- **How to communicate when Logic Doesn’t Work** - This presentation provides information to the caregivers and family members an overview of Dementia and Alzheimer’s disease with specific emphasis on communication and behavior issues.
- **How to Survive Your Role as Caregiver** - This presentation provides information to the caregivers and family members on “how to take care of themselves” during this difficult journey.
- **How to Determine the Stages of Dementia** - This presentation helps caregivers and family members better deal with their loved one by understanding the loss of cognitive function and what stage they are experiencing.
